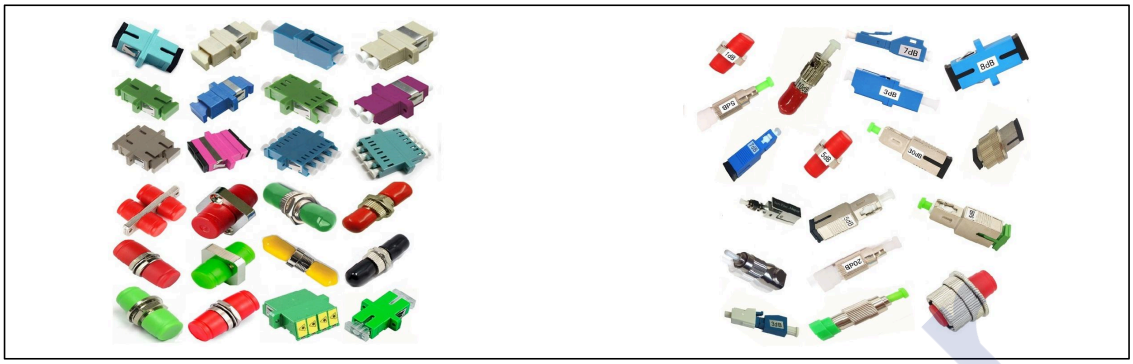
Fiber Optic Adapter

Product Drawing



Product Description

Fiber Optic Adapters are compatible with various fiber types and interface standards, such as SC, FC, LC, MU, etc., to meet the connection requirements of different network environments; The shell is made of high-quality metal materials, which have high hardness, corrosion resistance, and excellent heat dissipation performance, ensuring the long-term stable operation of the product.

Product features

- Low insertion loss,high return loss.
- Good reduplication and interchange.
- Ceramic catheter or bronze catheter.

Application

Telecom,LAN,FTTH,Video Transmission.

CATV.

Network system.

Technical Specifications

Product Parameters

Project		Technical indicators				
Product name		Fiber Optic Adapter				
Product Type		SC	FC	LC	ST	MT-RJ
Inserted core face		UPC/APC				
Reduplication		≤0.1dB				
Interchange		≤0.2dB				
Operating Temperature		-25~+70℃				
Insertion Loss	SM	≤0.3dB			≤0.5dB	
	MM
