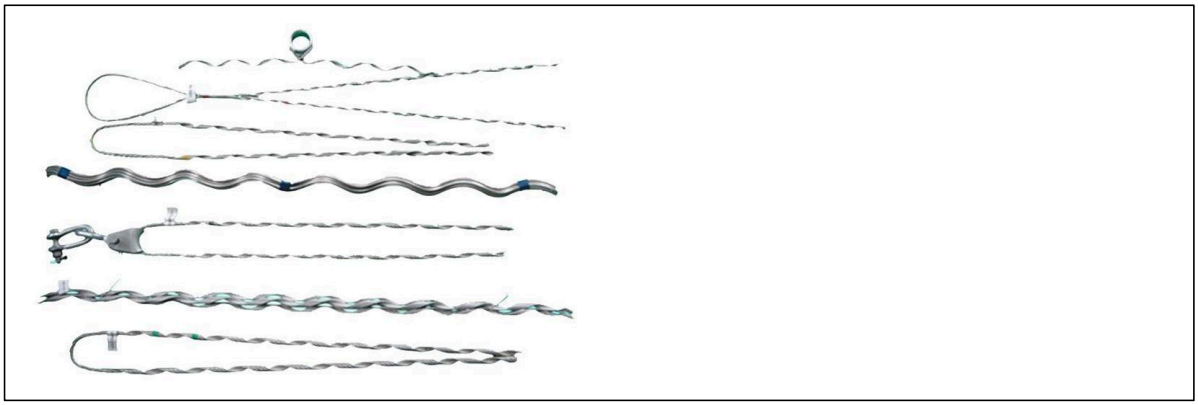
ADSS Suspension Tension Clamp

Product Drawing



Product Description

Tension Clamps are designed to connect ADSS cables and poles/towers . Armor rods can provide protection and cushioning to the ADSS cables. The special design of Preformed rods makes ensure that Tension Clamps can’ t cause undue stress to the ADSS cables.

Product features

- Single layerof tension preformed roads: Aluminum-clad steel.
- Thimble: Hot galvanizd steel.
- Anchor Shackle: Hot galvanizd steel.

Application

For short span length low tensile force ADSS cables.

Technical Specifications

Product Parameters

Project	Technical indicators
Product name	Single Leyer Tension Clamp
Application	For adss Aerial fiber optic cable fixing
Suitable cable diam	10-15mm
Span	100m,200m,300m,400m,500m,etc
Material	Aluminium clad-steel
Process	Casting or forged
Structure	Preformed dead end grip
Rated oad	120kn
Usage	ADSS/OPGW cable fittings
Color	Silver
