UPB Universal Pole Bracket

Product Drawing

Product Description

The UPB Universal Pole Bracket is a highly versatile support accessory. It is manufactured with high-quality and durable materials, featuring a sturdy structure that can be stably installed on various types of poles (such as electric poles, communication poles, etc.), providing reliable mounting support for related equipment or lines. Its appearance design is simple and reasonable, which not only facilitates the installation operation but also blends well into the outdoor pole facility environment.

Product features

- High Versatility,Adaptable to different poles, it expands application and reduces accessory replacement.
- Sturdy and Durable,Premium materials make it durable outdoors and cut maintenance costs.
- Easy to Install,Clear holes and simple instructions enable quick installation by ordinary technicians.
- Flexibly Adjustable,Its structure allows adjustments for optimal mounting and layout.

Application

Applied in ADSS Cable construction.

Technical Specifications
